## Graduating Class Is Now Organized

**Committees Appointed and Plans Formed—Nelle Hudson Is President.**

The graduating class met Tuesday, April 19 for organization. This class consists of all those who expect to receive a degree or a life diploma. The purpose of organization is that the class may care for the activities of graduation week, June 5-7 consisting of Class Day, the Class Play and Class parties.

Miss Nell Hudson was chosen president and she together with the sponsors chose the following committees that are now at work.

**Class Day:** Wave Hulet, Chairman, Edna Turner, LaDonia Murphy, Mildred Burks.

**Class Gift:** Edith Holt, Bernice Rutledge, Matie Evans.

**Class Colors:** Mary Wooldridge, Mary Margaret Richey.

The class play has not been chosen yet, but it will be directed by Miss Blanche Dow, instructor in Dramatics.

The class met again Friday afternoon at 2:30 and elected the other officers.—Vice-President, Secretary and Treasurer.

### Former S. T. C. Student Is Honored at Kansas University.

President Richardson received a letter this week from the office of the Dean of Kansas University stating that according to their custom they have chosen from the Freshman class seven per cent who seem to be most promising. Among these is Nellie Miller, a former student in our high school department.

Miss Miller took all of her high school work here having entered from a rural school.

It is particularly gratifying to learn that students from our high school department rank so high in other colleges.

### Miss Dow to Give Club Program.

Miss Dow will give the program at an open meeting of the Shakespeare department of the Twentieth Century Club, to be given Tuesday afternoon, May 10. She will read, "The Woman" a four-act play by William de Mille, which was originally produced by David Belasco. The program will be given at the Elks' club room.

Clyde Sawyers and Ralph Palmer, former students of S. T. C., were visitors at the college, April 19.

### County Library Bill a Law—It Deserves Your Support.

The County Library Bill is now a law, thereby making it possible for everybody to have access to good books.

A county library will serve the whole county just as a city library serves its city. Headquarters and central library will be maintained usually at the county seat, the largest city, or the town with the largest library, as seems most expedient. Every town and village and every rural school house will have branch libraries. A book wagon or motor truck will make regular deliveries between headquarters and branches, changing the book collection frequently; a thing not anymore out of the question than the mail carrier's daily route.

The county library is supported by the county and not by a state appropriation. The amount of tax levied is entirely optional with the people of the county.

The law does not make the County Library system compulsory in every county but it merely gives every county the privilege of establishing the library system. An existing town or city library does not have to become part of its county library system unless it so desires.

If you are interested, write to the Public Library Commission at the state capital for information; or ask any librarian. Talk with your friends about a county library, bring the matter up at any kind of meeting; create a public sentiment that will lead to the establishment of a county library in your county.

### Chamber of Commerce Shows Its Motion Picture Film at College.

The motion picture film of the Maryville Chamber of Commerce was shown at the college at assembly, Tuesday, April 19. The film embodied the secretary's annual report. It contained several scenes taken during the vitalized agriculture week of last year and also track events, which made it of special interest to the students.

The report showed how wide an influence the Maryville Chamber of Commerce exerts upon the surrounding community. It has materially aided practically every worthy cause. It has been instrumental in securing better roads, a better water system, and lower insurance rates for the city. It also helps to pay the salary of the music director employed jointly by the college and by the town. The organization likewise serves as an employment bureau. The film presented the

### Famous "Quality Street"—Auditorium—Thursday Night.

"Quality Street," which will be presented by the Philomathean Literary Society, tomorrow night, represents a high water mark in the dramas of the College. Written by Sir James M. Barrie and made famous by Maude Adams, the play has always endeared itself to its audiences. It is only on payment of a \$50.00 royalty that the manuscript is released for production.

The cast has been going thru a period of strenuous rehearsal and no expense or effort has been spared to make the play a huge success.

A stringed quartette under the direction of Mr. Kutschinski is preparing special music for behind the scenes.

Miss Olive DeLuce is planning the stage decoration, and Miss Mary MacLeod is assisting with the dancing.

A limited number of the most desirable seats are being reserved and sold for one dollar, other seats for seventy-five cents. John Lawton is in charge of the ticket sale, but they may be secured from any member of the Philomathean Society.

### Had Physical Examination Yet?

Just a reminder to the students who must yet have a physical examination. This examination has been made compulsory for every student and students will accommodate both themselves and Dr. Hobbs by making an early appointment.

### Magazine Publishes Miss Minnie James' Contest Rules.

Rules for the Shorthand Contest compiled by Miss Minnie James of S. T. C., are published in the American Shorthand Teacher for April, 1921. The editors think these rules will help others who are working out the same problem.

various phases of the work of the organization very clearly and effectively. This report is the second one of its kind, as far as we know, that has been made.

The film was photographed and developed by F. R. Marell, a Maryville photographer.

The Powers 6-B machine owned by the college is a standard machine, the equal of any in modern movie theatres. The curtain is specially made size eleven by fourteen feet. It is mounted on a frame and hung on pulleys so that it can be raised and lowered through the trap door in the stage ceiling. Altogether the movie outfit is one of which the college may be justly proud.

## New Contest Event Admitted This Year

**Divisions for Advanced and Beginning Pupils in Commercial Work.**

This year there will be a new feature in the inter-high school contest. It is a shorthand and typewriting contest and all of the sub-districts are eligible to submit contestants. These contestants are to be divided into two classes; the first being composed of students who began shorthand or typewriting since Sept. 1, 1920 and the second including all students of shorthand and typewriting, regardless of the time they have been studying the subjects.

The material used in the shorthand contest is to be similar to that used in Civil Service examinations.

In class one the dictation will be at the rate of seventy words per minute and in class two at the rate of one hundred words per minute.

In the typewriting contest copying matter will be furnished by the college.

Medals in class one will be awarded by the college and in class two by the Gregg Publishing Co.

Already five sub-districts have signified their intention of sending representatives and according to Mr. Swinehart the contest shows promise of being very exciting.

Additional information regarding this contest may be obtained at any time from this college.

### Relay Team to Drake Carnival—Largest Meet in Middle West.

Coach Rice and five track men left for Des Moines, Friday at 10:45 a. m. The men who made the trip are: Les-ton Webb, Donald Williams, Eldon Steiger, Richard Kirby, and Richard Runyan. They competed Saturday in the meet held at Drake University.

A clipping from the Des Moines Register April 16, states:

Missouri State Teachers College at Maryville, Missouri, entered the College division of the twelfth annual Drake University relay Carnival which will be held here April 23, according to an announcement made last night by athletic director M. D. Banks.

The Maryville Collegians are new comers in the Drake relays and with the advent of Central College of Fayette, Mo., it would indicate that Missouri Colleges are making some effort to get on the College athletic map.

Little is known of the strength of the two institutions except that they

Last Friday night Park College met and defeated William Jewell in a debate.

The affirmative team was composed of Messrs. Brinkhead, Evans and Settle.

The decision was two to one in favor of Park.

Park College also defeated Baker University in the second series of the pentagon debates by a two to one decision. Park was represented by Ross A. McFarland, Dwight H. Porter, and Howard Y. McClusky and upheld the affirmative while Baker represented by Howard C. Case, Glenn C. James and James S. Chubb argued the negative.

The club also took action toward making a large donation to the Memorial Fund.

The Women's Athletic Association of the University of Missouri is willing to allow a woman credit for hiking, but she can't combine business with pleasure, as the hikes don't count if taken with men, or on Sunday, or if food is taken. If she wants to win points toward the coveted 'M' she must do her hiking under proper supervision and submit an account of the distance walked. In the fall term,

University women hiked 975 miles for credit.

Commencement exercises at Rolla, Missouri will be given April 29.

The Senior class play is called: "Nothing But the Truth." This play was given on the Chautauqua platform in Maryville last year.

L. E. Zeigler has been re-elected as superintendent of the public schools of Maryville for another year.

"Oh, Susan, I almost wish I were a goose."

Mr. A. E. Blagg went to Barnard, Thursday, April 20.

"How is Mary, Fanny? She has not been to see us for several minutes."

"Gentlemen like geese. If there were enough geese to go around, no woman of sense would even get a husband." See Quality Street, April 28.

Julia Campbell of Rayville, Missouri, a former student of S. T. C., enrolled at the college, April 19. She has been a very successful teacher in the Ray County schools for the past year.

Miss Beulah Brunner made a business trip to St. Joseph, April 19.

#### Trials of an Editor.

Oh, woe unto the editor  
Who has to scare up news;  
He has to rack his brain a-lack!  
Just to beat the Jews.

And when he goes to press, oh me!  
He finds there's too much lacking,  
And so he has to pound his brain,  
So's not to have a slacking.

The staff, alas, they have their trials,  
For news sometimes is naught;  
And so they have to scribble down  
Just anything they've thought.

So bear with us, and if the time  
Should place you on the staff,  
We know then you'll understand,  
And never more will laugh.

"Talk little and well and you will be looked upon as somebody," say the Spanish.

Are you seeing Quality Street tomorrow night?

### Main Street on Saturday Afternoon.

As the season's most misfit wind blew down Main Street, Saturday afternoon, it encountered many hindrances which impeded its progress, as well as that of any person who desired to reach a certain destination along this path of commercialism or beyond it.

Women, occupying their usual places stood, talked and visited as they gazed with critical eyes upon the attire of their fellow women. While doing this, they formed, to the passer-by, or rather passer-thru, a formidable "defense" that would have done much credit to any good football team.

With eight boxes of post toasties in the arms of an advancing individual, the plot thickens as did the crowd at any place which I would try to penetrate. I fully expected to hear that encouraging cry of "Hold that line," blurted out upon the scandal laden atmosphere, but everybody seemed to get along nicely without it. With the "fourth down and ten yet to go," I made a short end run off the sidewalk and out onto the street, crushing through for a gain of fifty yards. Here I encountered a group of more gentlemanly personages in the form of farmers, taking their usual half-day off. Ascending to the walk, I pushed boldly along, unobstructed, for these agricultural gentlemen line themselves upon each side, allowing to the traffic, a place in the center in which to enjoy life, liberty and pur-

suit of happiness, the place that the weaker sex deny it.

"Why weaker?" I wondered. It certainly is a misnomer; anyway, I am convinced that it is on Saturday afternoons.

—Jack Rowlett.

### Read Decent English.

Mr. Miller has recently written an article entitled, "Decent English" which it is worth the while of every student to read. It may be found in the April number of the Missouri School Journal. The article is short and to the point and contains a strong appeal for the use of better English which every patriotic citizen should heed.

### Y. W. C. A.

The regular Y. W. C. A. program was given Wednesday, April 20. The program consisted of:

Song ..... Society  
Devotions ..... Iva Lape  
Reading ..... Jeannie Blacklock  
Talk—"The Bible"—The Rev. Mr. Snodgrass.

In his talk on "The Bible," the Rev. Mr. Snodgrass gave the influence the Bible has on personal life. Besides the influence on the minds of the people, the Bible helps in making clean and pure individuals. The Bible is thus the foundation of national life and society.

### Demonstration School Notes.

Helen Butcher gave a party Friday afternoon, April 15 in the kindergarten room, for the first and second grades. The occasion for the party was her seventh birthday. The children played games, sang songs, and told stories.

Mr. Trullinger, the driver of the bus was invited to the party. ....

Ice cream cones and cakes were served by Mrs. Butcher and Mrs. Bess Thorp.

The third and fourth grades are writing some spring songs. They have written the verses for which they will later write music. The following were written by two of the girls, the first by Mary Jackson and the second by R. Della Chick.

Pitter patter on the pane  
It is little drops of rain,  
Badly needed by the flowers,  
Are these little April Showers.

Listen to the birdies sing,  
They are Northward on the wing,  
Every warble from each throat,  
Is such a happy, joyful note.

So these welcome signs of Spring,  
Happiness to us doth bring,  
That is why we love to sing,  
Welcome, welcome, to the Spring.

I am a little robin free,  
I build my nest up in the tree,  
My greatest delight is when cherries are ripe,  
For that is good picking for me.

The third and fourth grades are working on a menagerie, made up of wooden animals. These are sawed out and sand papered and will be painted in natural colors and mounted. All of the common circus animals are included.

Why does 30 seem so much older than 29. Miss Phoebe wants to know.

## The Stroller.

The Stroller found a bit of fun last week which she wants to pass on. It's a tongue twister and the Stroller wonders if any of the students can say it five times without letting the tongue slip.

A tutor who tooted a toot tried to tutor two tooters to toot. Said the two to the tutor, "It is harder to toot or to tutor two tooters to toot?"

Bernice Rutledge recently said she thought she would advertise for a husband. As the Stroller admires her very much, he is willing to insert her ad free of charge.

Mary Carpenter and Jesse Boatman came to a muddy crossing: Said Mary: "Please carry me over the mud."

Jesse: "No, you are too heavy."

Mary: "How do you know how heavy I am?" The Stroller wonders too.

If anyone wants to know how to play Follow the Leader, just ask Bill Mapel, he knows how especially when on the scent of a Wild Rose.

While on the way home from school a few days before the inter-society contests, a group of students were discussing the advantages and disadvantages of cheering for the contestants as they were called to the stage. Mildred Kiser who strongly advocated the use of all the Pep that was possible, closed the argument by saying:

"Well, I should think if we did the contestants would feel more self imposed. 'Mildred, get your dictionary, quick.'"

Which reminds the Stroller to ask the students if they know why Juanita Miller should have said there was a woodpecker in the dining room at Perrin Hall, when Mildred Kiser was whistling in there.

The Stroller has wondered for some time why Jeannie Blacklock used a brush to moisten the stamps which she puts on the Couriers. Thursday the mystery was solved when one of the staff said to her, "Why, Jeannie, Olivette always licked the stamps."

Jeannie replied, "Yes, and just look what happened to her, too."

One announcement again this week: Will all members of the faculty who have classes the last hour in the day, please remember that the ringing of the bell at 4:15 announces the close of the period and the end of the class recitation? The students love their teachers and their lessons but there are other activities that are being seriously interfered with.

rank high in the Missouri State Conference and that they are considered leaders in collegiate circles of that state.

## Missouri Wesleyan Defeats Tarkio in Debate.

Missouri Wesleyan College defeated Tarkio College in debate Saturday, April 16th, at Tarkio. The Missouri Wesleyan team, composed of Ray Spurlock and True Taylor, upheld the affirmative side of the question, "Resolved, that the Federal Government should enact legislation embodying the principles of the Kansas Law for the settlement of labor disputes in public service utilities." The members of the Tarkio team who championed the negative were Robert Foley and Law Mieurhead. The question is the same which was used in the Maryville-Cameron debate of April 8.

Mr. Taylor, a member of the Cameron team visited our College, Monday, April 18. He reported a cordial welcome in Tarkio and was very favorably impressed with the college and the town. The Cameron debaters feel that they have won a real victory since Tarkio defeated Simpson College last week.

The Tarkio-Cameron debate was scheduled for Friday evening, April 15, but was postponed until Saturday at 1:30 P. M., because of failure to secure judges for the appointed time.

## Tennis.

There is a great deal of interest shown in tennis, and a larger number of girls and boys are enjoying this sport than ever before. The three out-door courts and the indoor court are crowded whenever they are available. The tournament of this week is girls' singles. There have been thirty entries. This tournament is a handicap one, where the less experienced players play off two rounds before the more experienced players enter the tournament. The winner of this tournament will be the champion of all the girls in school.

Nettie Rose, a former S. T. C. student, has been re-elected to teach the Elm Grove school northwest of Maryville for the coming year.

Mabel Patterson, a former S. T. C. student, and Frank Bickett were married in Kansas City, April 14. They will make their home in Maryville.

"Her face is her own and she likes it"—Ask Patty. Quality Street, April 28.

1. The advantages of the steel pen over the quill pen.

3. Why you consider the Shaeffer pen the best fountain pen.

A few other students besides those in these classes are entering the essay contest.

### Biology.

The Biology 11 class went star-gazing Monday evening, April 18. Five planets are now visible in the early evening as well as nine first magnitude stars. This is an unusual combination to be found at one time.

### Physical Education.

The track team is making steady and consistent progress and will soon demonstrate its ability to score a victory for the College.

Much interest is being manifested in tennis, with many students taking an active part.

## Health Campaign Now Closing.

The intensive campaign for the education of the public on the question of the "white plague" thruout the state is just reaching its close and some of the posters made in the schools of this district have been on display at the D. E. Hotchkiss store. Miss Olive DeLuce, one of the judges for this district has charge of placing the posters and distributing the literature in regard to the campaign thruout the community. The pamphlets contain information about the prevention of tuberculosis and other communicable diseases and are important enough to be given in complete form. One which contains the cleanliness commandments is especially good.

### The Cleanliness Commandments:

1. Thou shalt have no other habit but cleanliness.
2. Thou shalt not make thyself a nuisance to anyone on this earth by not using soap and water. Thou shalt bow down to them three times a day for they are good germ killers. They have aided thy fathers back to the third and fourth generations and will show mercy into thousands who have them and use them daily.
3. Thou shalt not take thy wash cloth for a shoe rag, for thy neck will show thee guilty.
4. Remember that thou should keep thy body clean. Five days shalt thou go to school and do all thy studying but the sixth day is Saturday in all households. Then thou shalt do all manner of cleaning. Thyself and thy daughter, thy playmate and thy servant shall each in turn seek a bathtub. For in five days thou has become quite dirty. Clean up and rest the seventh day and go to Sunday school.
5. Honor thy father and mother by changing thy underwear frequently and sleeping with the windows open in winter as well as in summer.
6. Thou shalt not neglect thy finger nails.
7. Thou shalt not forget to brush thy teeth each day.
8. Thou shalt not be seen with dirty neck or ears or head.

These pamphlets may be had thru the Iowa and Missouri Tuberculosis Association and are for free distribution.
